ABSTRACT

This education includes contact information for the Office of Indian Education Programs (OIEP) central, Albuquerque (New Mexico), and personnel offices; the division of school improvement; special education coordinators; family and child education coordinators; and field education officers. Bureau of Indian Affairs (BIA)-funded schools are listed alphabetically. The bulk of the directory is the school detail address listing, which is organized alphabetically by field office. Contact information is given for the field education offices and for each school in their areas. For each school, the principal's and school board president's names are given along with location code, school type, and grade range. The final sections present contact information for postsecondary schools, tribally controlled community colleges and universities, and BIA region offices. In school year 2000-2001, 644 elementary and secondary schools and 1 peripheral dormitory were operated by the BIA. An additional 107 elementary and secondary schools and 13 peripheral dormitories were operated by Indian tribes and tribal organizations under contract/grant with the BIA. Two postsecondary institutions were operated by the BIA, and twenty-five tribally controlled community colleges and universities were funded through the BIA. The OIEP has 24 education line officers, all of whom report directly to the Deputy Director of School Operations, OIEP. (TD)
